

OPPORTUNITY TO PLACE TONOPAH ON THE MIDLAND TRAIL IS LOST THROUGH INACTIVITY MERCHANTS

Through the inactivity of the business men of Tonopah this city will not be included in the itinerary of the transcontinental tour which is being organized by Indianapolis who are traveling from Indianapolis to the coast. The party includes 50 machines and more than 100 people. The announcement of the proposed trip was made several months ago and since that date various cities along the route to be traversed have been laboring to secure the presence of the party. Reno has been especially active and now the announcement is made by the Commercial club of that city that the tour will include a visit to the river side city.

The tourists instead of following the Midland trail after leaving Elko, will branch off and pass through Austin and Eureka, thence to Reno, Tonopah is left in the discard and the opportunity to permanently place this city on the Midland trail is lost.

Concerning the selection of Reno on the route of the cross country tour, the Gazette has the following:

In response to a letter received today from the Indiana Automobile Manufacturers' association relative to a cross country tour, Secretary Stevenson of the Commercial club has prepared and forwarded data on local hotel accommodations and has taken steps to prepare entertainment for the visitors.

As stated in the letter received, the object of the continental tour is to encourage the building of a transcontinental highway of rock, and an opportunity for the discussion of this subject in speeches will be afforded. The letter follows:

"The Indiana Automobile Manufacturers' association, an hour to the

ALIEN LAND LAW NO VIOLATION OF JAPANESE TREATY

REPLY OF UNITED STATES IS NOT CONSIDERED ENTIRELY SATISFACTORY.

(By Associated Press.) WASHINGTON, May 22.—A careful scrutiny by all the lawyers in the cabinet of the language used in the California alien land law has resulted in a decision that it is not in violation of the treaty with Japan. Tokio dispatches cause the officials here to believe that negotiations are approaching a stage of pure disposition and that international lawyers on both sides will be called on to determine the exact relation of the California law and the treaty. Many expect the result will be the invocation of the right of Japan of arbitration.

Japan is Pleased. TOKIO, May 22.—The assertion of the United States, included in the reply to Japan's protest to the California alien land legislation, that the legislation did not involve a violation of the treaty has caused great disappointment in official and other circles here. The foreign office considers the reply unsatisfactory as it fails to mention any violation of the United States to take official steps to nullify the California law. Dr. Arai's proposal to refer the question to a referendum vote in California is not favored as the result is considered doubtful.

REPUBLICANS TO ARRANGE CAMPAIGN FOR NEXT YEAR

PREPARE DETAILS TO ELECT REPUBLICAN CONGRESS IN 1914.

(By Associated Press.) WASHINGTON, May 22.—Senators Gallinger, Townsend, Norris, Jones and Clark of Wyoming were named today at a conference of republican senators as a committee for conference with the house committee to prepare campaign details and elect a republican congress in 1914 and also for the next presidential campaign. It was the unanimous opinion of the campaign committee that publicity headquarters be opened immediately. The conference was said to be harmonious.

BIG BARGAINS ARE OFFERED BY E. DOBROWSKY

REGARDLESS OF COST ENTIRE STOCK OF GOODS BEING SACRIFICED.

Regardless of price, the jewelry store of Ernest Dobrowsky is being sacrificed. Thus far many handsome bargains have been offered and purchasers have hastened to secure the cream of the offerings. As an example of the huge reductions offered the firm is advertising today watches, \$10 watches being sold for \$5, a reduction of fifty per cent.

In several lines the reduction averages over fifty per cent for it is imperative that the firm secure \$7000 within the next few days. The sale will be continued until the amount needed is procured and in the meantime the purchasers are reaping the benefit of the forced bargain offerings. An example of the bargains that may be secured can be obtained by referring to the advertisement of the firm appearing in another part of this publication.

FOUR MEN KILLED IN ACCIDENT ACROSS LINE

(By Associated Press.) SACRAMENTO, May 22.—Four men were killed and two injured probably fatally from a dynamite explosion at a construction work camp on the Southern Pacific near Truckee today.

SENATOR CAMINETTI IS GIVEN FEDERAL BERTH

(By Associated Press.) WASHINGTON, May 22.—President Wilson nominated today Anthony Caminetti of California to be commissioner general of immigration.

JUNE THE MONTH OF WEDDINGS

The pleasure of giving as well as the joy of receiving depends greatly upon the amount of thought and personality used in selecting a gift. In presenting an appropriate well chosen gift the idea of dollars and cents value is secondary, as it properly should be.

Now that June, the season of many weddings, is approaching it is well for those contemplating the purchase of gifts to begin their selection and decide upon what they will give.

The BONANZA advertising columns offer many suggestions that are timely and valuable. A careful reading will doubtless solve the perplexing question of "what to give." Using the BONANZA advertisements as a guide, one not only makes sure of covering a wide variety of possible gifts, but also greatly simplifies the actual purchasing and sending of presents.

GEORGE STOVALL IS REINSTATED IN ST. LOUIS TEAM

MUST PAY FINE AND APOLOGIZE FOR ASSAULTING UMPIRE RECENTLY.

(By Associated Press.) ST. LOUIS, May 22.—George Stovall, manager of the St. Louis American league, suspended three weeks ago for attacking umpire Ferguson, was reinstated today by President Johnson on the condition he pay a fine the amount of which was not made public, and write an apology to Ferguson.

Stovall stated that he would comply with the reinstatement conditions.

TWO ATTEMPTS ARE MADE TO MOB A KANSAS NEGRO

MOB MANAGES TO ENTER BUT IS FOILED BY SHERIFF AND HANDY REVOLVER.

(By Associated Press.) HAWATHA, Kans., May 22.—Two second attempts of a mob from Pella City to lynch Walter Ballew, a negro to jail here for an attack upon Mrs. Anna Koller, white, was frustrated today by Sheriff Moore. The jail was entered but the mob leaders retreated before the sheriff's revolver. The mob fired many shots but no one was hurt.

NEWLANDS BILL IS FAVORED BY THE PRESIDENT

WOULD GOVERN AND REGULATE ALL FLOODS THAT HAPPEN HEREFTER.

(By Associated Press.) WASHINGTON, May 22.—After a discussion today with President Wilson, Senator Newlands of Nevada said the president was in sympathy with the provision of the Newlands bill for the river regulation and prevention of floods and hoped for the successful accomplishment of the big project by the army engineers.

(By Associated Press.) SACRAMENTO, May 22.—Four men were killed and two injured probably fatally from a dynamite explosion at a construction work camp on the Southern Pacific near Truckee today.

SENATOR CAMINETTI IS GIVEN FEDERAL BERTH

(By Associated Press.) WASHINGTON, May 22.—President Wilson nominated today Anthony Caminetti of California to be commissioner general of immigration.

WILLOW CREEK ROAD IS SADLY IN NEED OF REPAIR

STATEMENT BY COMMISSIONER THAT WORK IS BEING DONE IS FOUND FALSE.

That work was being performed on the road between Tonopah and Willow Creek, was the assertion made Tuesday night by a member of the board of county commissioners. This statement appears to be false, for several Tonopah residents who have passed over that section of road in question declare that no work has been performed within the last few weeks, nor do indications point to the repair work being carried out in the near future. In the vicinity of Twin Springs a new road was constructed some time ago, but this thoroughfare is not being used and it is doubted if travel will be diverted along the route chosen.

For a stretch of ten miles this side of Willow Creek the road is almost impassable and frequent requests have been made to the commissioners that repair work be undertaken. The requests have not with no results thus far. Al Probert returned yesterday from Willow Creek and his report stated that the road was a disgrace to the county. It was only with extreme care that he was able to drive his automobile over the bad stretch and at times it appeared best to leave the route entirely and strike out across the desert. Frequent like other motorists who have been compelled to travel the road near Willow Creek, declare that the inactivity on the part of the commissioners is resulting in driving the Willow Creek trade to Elko. The White Pine county commissioners have repaired the road in their section of the county and all bad places have been eliminated.

It has been freely declared that the work carried out in the vicinity of Twin Springs has been merely a waste of money and that no good will result from this expenditure. The Willow Creek road is a portion of the Midland trail and means should be taken at once if it is hoped to divert auto travel through Tonopah. It is connected with one of the finest stretches of road in the United States and prompt action should be taken now toward repairing the ten mile portion that is now almost unpassable.

OLD GLORY TO BE UNFURLED ON MEMORIAL DAY

HANDSOME ASSORTMENT OF FLAGS WILL BE DISTRIBUTED BY BONANZA.

Memorial day is fast approaching and on this date Old Glory will be unfurled from every flag staff in this city. No prettier tribute could be paid the memory of the heroes who have passed away than the display of an American flag from every home.

For the purpose of supplying the demand for flags the Bonanza by special arrangement, has prepared a shipment of flags, bunting and brackets that are to be given away with paid up subscriptions. Two different sizes will be offered: One four feet wide and six feet long, and the other five feet wide and eight feet long. They are made out of heavy, soft material, with colors warranted absolutely fast. The seams are folded and double sewed, and the full complement of stars appear. An eight foot varnished pole and a galvanized iron bracket with screws accompany each flag.

Complete details as to how the flags may be procured will be announced by the Bonanza within the next day or two.

JAPAN WILL HAVE BIG EXHIBIT AT 1915 FAIR

(By Associated Press.) TOKIO, May 22.—The parliament committee favorably reported today upon the proposed appropriation of \$400,000 for the Panama-Pacific exposition exhibit.

A store that advertises must be a store of values—"bargains"—or the advertising would not pay.

WILLOW CREEK SALOONKEEPERS MUST SECURE LICENSE TO SELL CIGARS AND CIGARETTES IS THE LATEST EDICT

Steps are being taken by the tax commission to enforce the law relative to the payment of cigarette and tobacco licenses by saloon men and liquor dealers where cigars, cigarettes and tobacco are kept as their stock in trade in conjunction with the liquor business. This action on the part of the commission has aroused considerable feeling among the saloonmen, who in the past have not been required to pay the extra license.

The action of the commissioners is based on an opinion written by Cleveland H. Baker, the late attorney general, issued recently by Attorney General Thatcher. The opinion was submitted in response to an inquiry of D. A. Pete, district attorney of Esmeralda county in 1911, who desired to know if saloonkeepers were liable for a merchandise license for selling cigars and other tobacco.

The opinion reviews the license law at length and says in part:

"In all cases where the sale of merchandise is carried on and where wines or distilled liquors are sold in connection therewith, and carried as part and parcel of the stock of merchandise, the owner is required to procure a license to carry, sell and deal in merchandise, and a separate license for the sale of wines or distilled liquors."

"A person who engages in the business of selling liquors, tobacco or cigarettes, or either one of those articles, in this state is, under the law, required to procure a license."

Although the opinion of Attorney General Baker was written in 1911 the requirements of the statute as interpreted by him were never carried out, saloonkeepers being allowed to sell cigarettes, cigars or tobacco without paying any license in addition to their regular liquor license. The license for selling cigarettes, cigars and tobacco is \$15 a quarter.

REPORTED THAT FIVE FEET OF ORE WILL CONTAIN 14 PER CENT COPPER.

Rumors were placed in circulation in Tonopah last night, stating that the Merger shaft at Goldfield had encountered copper ore at the shaft bottom. The reports were to the effect that a ledge five feet in width contained 14 per cent of copper. Concerning the rumor the Goldfield Tribune of last evening has the following:

Reports that ore of good quality and in large volume has been penetrated in the bottom of the Goldfield Merger Mines company's Shaft are lacking in official confirmation, although it is said that the most recent change in the formation is regarded as encouraging and the material now being penetrated is of better appearance than any that has been cut up to this time.

It was rumored about the streets this forenoon that the big shaft had exposed four and a half feet of good ore and it is stated that some of this material has been assayed by persons not connected with the property and yielded returns of over \$5 per ton in gold and from 14 to 16 per cent copper. Specimens of ore said to come from the shaft have been shown about town and it appears to contain a considerable quantity of gray copper, but no free gold. It has long been predicted by mining men of experience and by eminent geologists that copper ore will be found at great depth in this district and the conviction prevails that if this proves to be the case the red metal will be found in large quantities and extending over a wide area.

The rumors of this discovery in the Merger have aroused keen interest and have caused more excitement about the camp than anything that has occurred in the district for many months. It is expected that the developments of the next few days will have an important bearing upon the future prospects of the Merger and of deep mining in the Goldfield district.

EMPEROR OF JAPAN SUFFERING FROM COLD

(By Associated Press.) TOKIO, May 22.—Emperor Yoshihito is suffering from inflammation of the lungs which developed today as a result of a severe cold. Eight physicians are in attendance. He has a high fever.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

TONOPAH BILLS VISIT GOLDFIELD SATURDAY EVE

SOUTHERN LODGE PLANS TO INITIATE LARGE CLASS FROM LAS VEGAS

Between forty and sixty members of the Tonopah lodge of Elks will journey to Goldfield Saturday night to assist the Goldfield Elks in initiating a class of 50 candidates from Las Vegas and other southern points. An elaborate banquet has been planned for the evening, in addition to a program that will provide entertainment for the old and new members of the order. The candidates will be introduced to the lodge in two classes and the initiatory work will not be concluded until early Sunday morning.

The Tonopah delegation will make the trip by automobile and a half dozen or more machines will be chartered in which to make the trip.

CZAR NICHOLAS IS IN BERLIN TO ATTEND WEDDING

EMPEROR BILL GREETED ROYAL VISITOR ON ARRIVAL AT THE STATION.

(By Associated Press.) BERLIN, May 22.—Emperor Nicholas of Russia arrived here today to attend the wedding Saturday of Princess Victoria Louise, daughter of the emperor of Germany and Prince Ernst August of Cumberland. He was greeted at the station by the emperor and King George. Many royal guests are arriving and on each occasion are greeted by the emperor and members of his family.

GOVERNMENT WILL BUILD ARMOR PLATE PLANT

(By Associated Press.) WASHINGTON, May 22.—Senator Ashurst today introduced a bill providing for an appropriation of a million six hundred thousand dollars to build a government armor plate plant. He is said to have the approval of the secretary of the navy.

TEMPERATURE REPORT.

Highest temperature yesterday, 77; a year ago, 52.
